

Curro School Group

Curro Group's Digital Transformation with Snapplify

Key Challenges

Ebook Access

Schools struggled with the ease of accessing ebooks for learners and educators, creating delays in learning resources distribution.

Billing Transparency

Lack of clarity in billing created difficulties for schools to manage their ebook purchases and usage effectively.

User Onboarding & Integration

A critical issue was the need for streamlined user onboarding that could integrate seamlessly with their existing learner information system, Omada.

Support & Training

Schools required robust support and training to transition to a digital platform, minimizing disruptions during the shift.

Improvements and Successes

Curro School Group has seen significant improvements since adopting Snapplify, including:

✔ Simplified Ebook Access

Snapplify's platform made it easier for Curro schools to access ebooks. This led to faster deployment of learning materials, reducing delays and enhancing learning efficiency.

✔ Seamless User Onboarding

By integrating Snapplify with Omada, the onboarding process became streamlined, allowing easy management of users across Curro schools.

✔ Comprehensive Support & Training

Snapplify offered dedicated support and extensive training (both virtual and in-person), helping educators and administrators adjust quickly to the platform.

✔ Transparent Billing

Snapplify provided a more transparent billing system, allowing schools to track and manage ebook purchases more effectively.

"It's easy to set up prescribed lists and super easy for learners/parents to buy the books they want. I found Snapplify incredibly helpful. I love working with them."

“Snapplify and their team behind the scenes are awesome and very dedicated. Their support system is very impressive.”
-Aiden Paterson, Curro Klerksdorp

Implementation

Custom Integration with Omada

Snapplify developed a seamless integration with Curro’s learner information system, Omada, ensuring that user management was automated and simplified.

Adoption Team Onboarding

Curro benefitted from Snapplify’s Adoption Team, which facilitated the entire onboarding process, ensuring smooth transition across multiple campuses.

Teacha! Inspire Training Resources

Snapplify provided access to training materials hosted on Teacha! Inspire, including virtual and in-person training sessions, helping educators effectively use the platform.

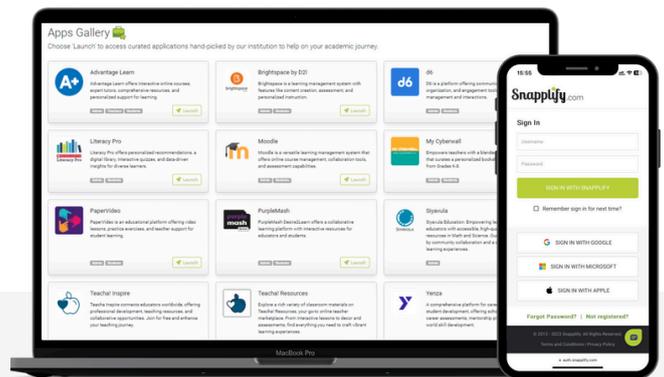

Onsite Support Visits

Snapplify implemented regular onsite visits and virtual support sessions to ensure that schools had real-time assistance during the rollout.

Efficient Book Purchasing System

Snapplify made it simple for schools, learners, and parents to purchase prescribed ebooks through a streamlined interface, making resource distribution faster and more efficient.

The decision to choose Snapplify

Curro School Group opted for Snapplify due to its user-friendly platform, seamless integration capabilities with their learners information system, and its proven track record in the education sector. The decision was bolstered by Snapplify’s strong support system and ability to provide a comprehensive onboarding experience, addressing Curro’s key pain points efficiently.

About Curro Group

CURRO

Curro School Group is one of South Africa’s leading independent school groups, operating more than 70 campuses across the country. Known for its innovative approach to education, Curro sought a robust, digital solution that could streamline their ebook management, improve transparency in billing, and integrate seamlessly with their student information system (Omada). The group needed a partner that could address their growing digital learning needs while ensuring a smooth transition for schools, educators, and learners.
