

Herschel Girls High School

How Herschel Girls School Streamlined Digital Learning with Snapplify Engage

Key Challenges

Limited Access to Digital Resources

Students and teachers struggled to access learning materials efficiently.

Lack of a Centralised Digital Library

The school needed an affordable, unified solution for digital content.

Multiple Logins Across Platforms

Multiple Logins Across Platforms – Managing different logins for various educational tools was cumbersome and time-consuming

Too many platforms

The multitude of platforms and logons created confusion and led to low adoption and increased support queries.

Smooth Implementation and Rollout

When evaluating potential solutions, Herschel Girls School was drawn to Snapplify Engage.

- ✓ Seamless integration with their existing learning systems, ensuring a smooth transition.
- ✓ Efficient content distribution and access management, reducing the burden on teachers.
- ✓ A vast library of digital resources, providing a wealth of learning materials for students..

“Snapplify Engage is one of our essential tools that enables our digital learning strategy. The platform is intuitive, and the support from Snapplify has been excellent. With seamless access to digital content and simplified authentication through SSO, we are now more confident in delivering a modern, efficient learning experience.”

Snapplify has effectively addressed the challenges faced by Herschel Girls High School. The knowledgeable, friendly, and efficient support team promptly addresses any questions or issues, ensuring a smooth user experience.

Implementation

Streamlined textbook purchasing

The Engage platform streamlined access to ebook purchasing for greater efficiency and simplified textbook procurement

Streamlined user onboarding

With Access integration into Herschel Girls High School information systems onboarding and user management is simple and seamless.

Subscription management

Subscription management via Engage for 3rd party subscriptions and use of the App Gallery to role out new apps.

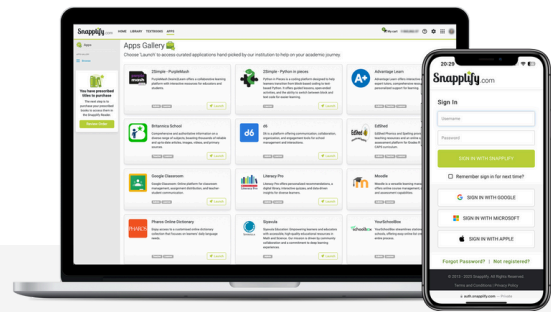

Early access

Learners and educators have access to digital textbooks from day 1 while payment is being made.

24/7 support

The school has access to dedicated support 24/7 for learners, educators and parents.

Why Herschel Girls School chose Snapplify Engage

When evaluating potential solutions, Herschel Girls School was drawn to Snapplify Engage.

- Seamless integration with their existing learning systems, ensuring a smooth transition.
- A vast library of digital resources, providing a wealth of learning materials for students.
- Efficient content distribution and access management, reducing the burden on teachers.

Introduction to Herschel Girls School

Herschel Girls School, a leading independent school in Cape Town, South Africa, is committed to providing young women with a world-class education. With a strong focus on digital learning, the school sought a solution that would improve access to digital resources while making platform integration seamless for students and teachers.

Snapplify Engage has transformed how students and teachers at Herschel Girls School interact with digital resources. By eliminating access barriers and streamlining content management, the school has created a more efficient and engaging digital learning environment.
