

St.Nicholas School

St Nicholas School Leads Digital Transformation with Snapplify

Key Challenges

Limited access to resources

Students needed a broader range of learning materials beyond the school's print library.

Parent support

Parents found it time-consuming to source textbooks in both print and digital formats.

Support Issues

Educators and staff had a heavy support burden towards learners and parents.

Teacher resource sharing

Teachers required simple, effective tools to recommend and guide learners through additional readings.

The Solution

St Nicholas partnered with Snapplify to create a more connected and efficient learning environment:

- ✔ **More engaged learners:** Easy access to a wide digital library encouraged frequent, diverse reading habits.
- ✔ **Empowered teaching:** Teachers could seamlessly integrate extra readings into lessons, supporting differentiated learning.
- ✔ **Simplified parent experience:** Parents reported higher satisfaction thanks to the clear, simple book purchasing process.
- ✔ **Future-focused learning:** By blending print and digital, St Nicholas positioned itself as a leader in modern education practices.

"Snapplify has transformed how we approach learning at St Nicholas. Our students now have the flexibility to access quality resources anytime, while parents enjoy a far simpler textbook purchasing process. This partnership truly supports our vision of preparing learners for the future."

Mrs. Muchiri
Principal, St Nicholas School

By adopting Snapplify's digital library, streamlined purchasing, and Book Buddy for teachers, St Nicholas School has created a learning ecosystem that empowers students, supports families, and enhances teaching.

Implementation

Digital Library

Students gained instant access to thousands of e-books, including prescribed titles and additional reading material. They could now learn anytime, anywhere, across devices.

Parent Book Purchases

Parents can easily buy the right textbooks—digital or print—through one streamlined platform. No more confusion about editions or availability, making back-to-school preparation stress-free.

Subscription management

Using Engage App Gallery, The school can launch on different apps used at the school for seamless learning experience.

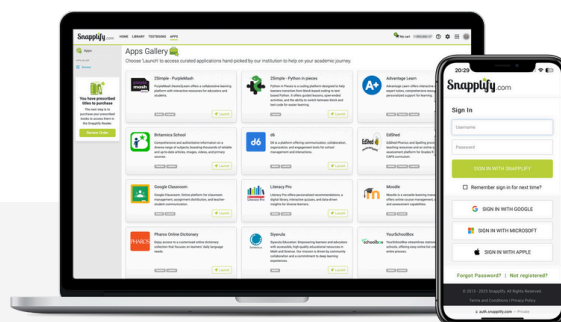

Book Buddy AI

A trusted AI learning companion that helps students revise, test themselves, and understand their textbooks—without doing the work for them. Every answer, summary, or quiz is created directly from the learner's own book, reducing misinformation.

24/7 support

The school has access to dedicated support 24/7 for learners, educators and parents.

The decision to choose Snapplify

St Nicholas School, a forward-thinking institution dedicated to academic excellence and holistic student development, recognised the need to modernise its learning resources. With growing demand for flexible, accessible content, the school wanted a solution that could blend traditional learning with digital innovation—while also supporting both parents and teachers.

About St. Nicholas

Since 1976, St. Nicholas Schools has provided exceptional education from Kindergarten to A-Levels, combining academic excellence, strong values, and holistic growth. With state-of-the-art facilities—including science and ICT labs, a semi-Olympic swimming pool, and vibrant co-curricular programs, The school prepares learners for success in a global world.
